Player Identity & Eligibility

Sporting Integrity

Our city's are striving to provide a worthwhile adult athletic program for all participants involved. Although the element of competition plays a major role in athletics, the game should always maintain its recreational and social values. Therefore, it is necessary for each participant to be responsible for the promotion of good sporting integrity and fair play.

The Parks & Recreation Departments of New Brighton and Spring Lake Park have instituted and will enforce the following policies for player conduct:

- No player, coach or manager shall physically touch or verbally abuse a referee or league official in any manner. The team manager should be the only person to ask for a rule interpretation or clarification of a call.

 - 1st Offense: Player[s] and/or manager[s] of the offending team will be given an official warning by either the Referee or League Coordinators.
 - 2nd Offense: For player[s] and/ manager[s], they will be ejected from the match and will be suspended from participation in at least their next two scheduled matches. For spectator[s], they will be banned from attending any further matches for the remainder of the season.
 - 3rd & Final Offense: Player[s] and/or manager[s] will receive an indefinite suspension - League Coordinator's Discretion - from all indoor volleyball leagues. A team found to be using a player under suspension will automatically forfeit that match.

LEAGUE RULES

Choice of Side or Service

- Determined by managers who will call the toss of a coin or a quick round of rock, paper, scissors. Rotate playing areas and serve after each game.

Switching Sides

- Players must exchange the ball between sides of the court after a point by transferring the ball under the net.
- Penalties:
 - First infraction of each match is a warning.
 - Subsequent infractions in the match will result in a point awarded to the other team.

Positioning

- If a team has only 4 players, the server is considered the back row player. This person may not "attack".
- Teams with extra players may substitute or rotate in, but not both. If a team elects to rotate players, the team captain must inform the official where the rotation will take place.

Scoring

- Matches are scheduled for 5 minutes of warm-up and 55 minutes of play.
- A Match consists of a maximum of 3 games, with all 3 games counting in the standings
 - Rally scoring, each game to 25 points (win by 2) with a cap of 27 (win by one).
 - The 3rd game will be dictated by time. The team that is ahead at the end of the time will win. Referees will give teams a 5 minute warning.
 - In the event of a tie, Sudden Death Play will continue. The first team to make a point wins.
- Regular season standings shall be determined by games won - so a 3rd game will be played regardless of the scores in the first 2 games.
- For Playoff matches, the match winner will advance - if a team sweeps the first 2 games, a 3rd will not be played.
- Teams are allowed **two 30 second timeouts per game**. No timeouts in the last 5 minutes of play.
- At the beginning of the match, the official will let the teams know the time and the time when the match will conclude. If the official doesn't announce what time the match started and when it will end, it is the captain's responsibility to ask the official at the **beginning** of the match. Occasionally circumstances prevent all the matches from having a full 55 minutes of play. If this happens, time should be deducted from all remaining matches until the night is back on schedule. Officials must announce such time deductions at the **beginning** of the match.

Serving

- The serve is considered good if the ball passes over the net within the court boundaries, even if it touches the net.
 - Jump serves are not allowed.
- Only one toss or release of the ball, which can be considered part of the serve action, is allowed.
- Spiking or blocking the serve is not allowed. Setting the ball off the serve is legal.

Playing the Ball

- Any ball that lands within or on a boundary line is in bounds.
- Each team is allowed 3 successive contacts before returning the ball to the opponent's court.
 - The ball may not be hit 2 consecutive times by the same person. A block is not counted as a hit; the person attempting the block is eligible to hit the ball again.
- The ball may be hit by any part of the body. All shots below the waist should be hit with a closed fist.
- If the ball strikes any part of the body, it is a legal hit and the ball is in play.
- The ball may be spiked with a 1 handed overhead **batting** motion.
 - The accepted method of spiking is with an **open** hand **without** breaking the wrist.
 - A "hook" or pushing type of spike is a "carry" and is a violation.

Blocking

- The hands of a blocker(s) may reach over the net. However, the blocker(s) must not contact the ball on the opponent's side of the court until after the completion of the opponent's action, which directs the ball toward the other side. If the ball is traveling toward the net and no offensive player is near enough to play it, the blocker(s) may reach over the net and block it after the 1st or 2nd touch. However, if one of the offensive players is near and about ready to make a play, it is not legal for the blocker to make contact until the offensive player has had an opportunity to play the ball.

- A player may follow through over the net, providing they first contact the ball on their own side of the net. Players in the act of blocking may reach across the net, but may not contact the ball until an opponent has hit the ball to return it.
- Blocking or spiking a served ball is ***not permitted***.
- Blocking may be legally accomplished by any of the players who are in the front line at the time of service.

Held Ball

- When the ball visibly comes to rest momentarily in the hands or arms of a player, it is considered as having been held. The ball must be hit in such a manner that it rebounds cleanly after contact with a player.
- Scooping, lifting, pushing, or carrying the ball shall be considered a form of holding.
- A ball clearly hit with one or both hands from a position below the ball is considered a good play. Do not use an open hand when hitting the ball from below waist level.

Faults

- If a team fails to return the ball with three or fewer hits before the ball touches the floor within the boundaries, a fault occurs. Additional faults occur when:
 - An illegal hit occurs.
 - A player touches the net with any part of their body. It is not a fault if the net is driven into the player from a driven ball.
- The penalty for a fault is a point for the opposing team.
- If there is a question on whether a fault has occurred, the point should be replayed

Protests

- The only protests allowed will involve player eligibility. All players must carry an ID, and issues of eligibility will be determined by the league coordinators after consultation with the match referee. The team that protests another's eligibility will be required to prove their eligibility as well. All other protests will not be allowed.
- A team having a complaint concerning the league should contact the League Director as soon as possible.
